

Dear Leader,

I wish to endorse Dan Hall and strongly recommend him for your leadership development needs, facilitation and keynote presentations. I have worked with Dan over the last 10 years and he always hits a home run. In my role as Vice President of Human Resources at Jewish Hospital & St. Mary's Healthcare, I was responsible for Organizational Development and Training. Dan was a keynote speaker for our quarterly Leadership Develop Institutes that we held for 600 leaders. He was consistently one of the highest rated speakers that we ever used.

Dan is professional, creative, a fantastic story-teller and brings relevant leadership experiences to his presentations and group facilitations. He has a great rapport with small groups or large groups of 600. You are very fortunate to have this opportunity to work with him. I strongly recommend his services.

Sincerely,
